

DISINFECTANT

DANGER

MASTON DISINFECTANT effectively kills bacteria, viruses, yeasts and most molds on many surfaces. The product disinfects door handles, toilet seats, taps and many other objects that usually contain microbes. Ready-to-use. pH 7. Alcohol content 70 %. No fragrances, no colourants.

INSTRUCTIONS FOR USE: Shake well before use. Spray the product on a cleaned and dry surface you wish to disinfect. Leave on for 2 minutes and wipe off using a disposable towel. The product evaporates leaving no stains and does not need to be rinsed separately. Only use the product on surfaces that are resistant to alcohol.

INGREDIENTS: Alcohol denat., Aqua, Propane, Butane.
